

## ***app* MARINE User Manual**

This manual serves as a guide for the safe and effective use of ***app* MARINE**. By applying ***app* MARINE** correctly, you will achieve the best results.

### **Dosage & Application**

#### **1. Exterior Areas: Hull, Deck, and Metal Parts**

##### **Hull and Deck**

- **Dosage:** Dilute ***app* MARINE** at a ratio of 1:10 with water.
- **Application:** Apply the solution, wipe with a sponge or mop. Use undiluted on rust or mold and remove dirt.
- **Note:** Rinse thoroughly with fresh water.

##### **Windows and Windshields**

- **Dosage:** Dilute ***app* MARINE** at a ratio of 1:10 with water.
- **Application:** Spray the solution, wipe with a microfiber cloth. Dry with a dry cloth. For heavy soiling, use undiluted.
- **Note:** Do not apply under direct sunlight.

##### **Metal Parts (Fittings and Railings)**

- **Dosage:** Dilute ***app* MARINE** at a ratio of 1:5 with water.
- **Application:** Apply the solution to metal surfaces, wipe with a microfiber cloth. Polish heavily rusted areas undiluted.
- **Note:** Regular cleaning protects against corrosion.

##### **Teak and Other Wooden Parts**

- **Dosage:** Dilute ***app* MARINE** at a ratio of 1:10 with water.
- **Application:** Spray the solution, remove dirt with a soft brush, rinse with clear water.
- **Note:** Avoid contact with joints to prevent moisture penetration.

##### **Underwater Area of the Hull**

- **Dosage:** Use *app MARINE* undiluted.
- **Application:** Remove algae and barnacle growth, apply the solution, let it work, and rinse off.
- **Note:** Carry out cleaning in designated facilities.

## 2. Interiors: Cabins, Sanitary Areas, and Upholstery

### Cabin Cleaning

- **Dosage:** Dilute *app MARINE* at a ratio of 1:10 with water.
- **Application:** Spray the solution on surfaces, wipe with a microfiber cloth.
- **Note:** Test on sensitive materials beforehand.

### Kitchen Area (Pantry)

- **Dosage:** Dilute *app MARINE* at a ratio of 1:5 with water.
- **Application:** Spray work surfaces and appliances, wipe with a cloth and rinse with clear water.
- **Note:** Remove food beforehand.

### Sanitary Areas

- **Dosage:** Use *app MARINE* undiluted.
- **Application:** Spray on fittings and surfaces, clean with a sponge, rinse thoroughly.
- **Note:** Regular cleaning prevents limescale deposits.

### Upholstered Furniture and Carpets

- **Dosage:** Use *app MARINE* undiluted.
- **Application:** Spray stains, dab with a damp cloth. Do not rub.
- **Note:** Test colorfastness beforehand.

## 3. Technical and Mechanical Cleaning

### Bilge and Engine Room

- **Dosage:** Use *app MARINE* undiluted.
- **Application:** Spray on oil and grease residues, work with a brush, and rinse off. For regular cleaning, dilute at a ratio of 1:5.
- **Note:** Dispose of oily wastewater properly.

### Engine and Technical Equipment

- **Dosage:** Use *app MARINE* undiluted.
- **Application:** Spray on deposits, clean with a cloth or brush.

- **Note:** Turn off electronic parts and disconnect from the power supply.

### **Electronic Devices and Navigation Instruments**

- **Dosage:** Dilute *app MARINE* at a ratio of 1:10 with water.
- **Application:** Spray the solution onto a cloth, gently wipe devices.
- **Note:** Do not spray directly onto devices.

### **Air Conditioning and Ventilation Systems**

- **Dosage:** Dilute *app MARINE* at a ratio of 1:5 with water.
- **Application:** Remove filters and ducts, clean with the solution, and rinse.
- **Note:** Allow to dry thoroughly before reassembling parts.

## **4. Plastic, Rubber, and Equipment**

### **Fenders and Rubber Parts**

- **Dosage:** Dilute *app MARINE* at a ratio of 1:5 with water.
- **Application:** Apply the solution, clean with a brush, rinse.
- **Note:** Regular cleaning maintains flexibility.

### **Plastic Surfaces**

- **Dosage:** Dilute *app MARINE* at a ratio of 1:10 with water.
- **Application:** Spray onto plastic, wipe with a sponge. For heavy soiling, use undiluted.
- **Note:** Do not use on hot surfaces.

### **Inflatable Boats and Dinghies**

- **Dosage:** Dilute *app MARINE* at a ratio of 1:10 with water.
- **Application:** Spray onto exterior and interior surfaces, clean with a sponge, rinse.
- **Note:** Suitable for PVC and Hypalon.

### **Life Rafts and Safety Equipment**

- **Dosage:** Dilute *app MARINE* at a ratio of 1:10 with water.
- **Application:** Spray the solution onto the equipment, clean with a cloth, rinse, and allow to dry.
- **Note:** Ensure the equipment is completely dry before reuse.

### **Life Jackets and Safety Equipment**

- **Dosage:** Dilute *app MARINE* at a ratio of 1:10 with water.

- **Application:** Spray the solution onto the equipment, clean with a cloth, rinse, and allow to dry.
- **Note:** Ensure it is dry before reuse.

**Storage:**

Store *app MARINE* in a cool, dry place. Protect the product from direct sunlight.
